POSTED ON DECEMBER 17, 2016 · POSTED IN ACCESSORIES, BEAUTY PRODUCTS, FASHION, PERSONAL SHOPPING

Christmas is only one week away. Yes, you read that right... ONE WEEK!

This is usually the time when we start to realize we might have missed a person or two on our Christmas list. Or, maybe we just want to buy another gift to show someone a little extra appreciation.

Whatever your situation, Visually Appealing is here to help with a list of 6 wide ranging gift ideas for you to choose from. So, get to reading and find the perfect gift for whomever you have in mind!

Tech Gift Ideas:

#1: It's hard to find phone cases that are cute AND protect your phone. Luckily, this case by Casetify is both! The bright neon heart on the back is both fun and unique, while the rest of the case is certified shock-resistant. I think that's a winwin.

#2 may just look like a gold clutch, but it's actually a tablet cover and charger set! I love the mild metallic color and laser cut detailing. Do you have a tech-savvy friend? If the answer is yes, this gift would be perfect for them.

Festive Gift Idea:

#3 is a set of 2 holiday mugs. Home accents like mugs make good gifts for almost anyone on your list, especially the coffee and tea lovers. But, I chose these mugs specifically because they are a festive reminder to stay "merry" and "bright" throughout the holidays.

Stress Relieving Gift Idea:

#4: We all know the holidays can be stressful, so why not give the gift of relaxation? (A.K.A. this Aromatherapy Lavender Pillow Mist from Bath & Body Works) The relaxing scent of lavender is a perfect way to say "thank you" to those hardworking people in your life who do so much to make the holidays special.

Fashion Forward Gift Idea:

#5 is a gift certificate to a Visually Appealing service of your choosing. Choose this gift and help a friend conquer 2017 in style!

Beautifying Gift Idea:

#6: It's easy to get stuck wearing the same lip color EVERY. SINGLE. DAY. So, I chose this plum-colored lipstick as a gift to save a friend from the same old makeup routine. I really love this shade of lipstick because it's not as overpowering as other bold lip color choices like bright red. That way, you can wear heavy or light makeup and your lip color will always fit right in. Not to mention, plum is a great go-to lip color for special events and New Year's is just around the corner!

That's it for our ideas, now it's your turn! Good luck with all of your gift-giving ventures and Happy Holidays!
